Mission statement:

Faculty of Economics & Business Zagreb (FEB) is committed to research and education of highly qualified experts, who will successfully and socially responsible respond to contemporary global business and social challenges, hence raising the quality of higher education and science in national and regional environment.

Vision:

The vision of FEB Zagreb is to distinguish itself as the elite national higher education institution, with a recognizable image of a market-oriented and socially responsible organization that provides top quality education and research.

Faculty motto:

Tradition and innovations in education and research – the path to future.

Core values:

People first
Academic excellence
Integrity and honesty
Community and social responsibilities
Knowledge is of tremendous importance for generating social enrichment. Knowledge is of prominent relevance to decision-making and procedures. Knowledge has the most considerable impact on all professions. Knowledge has power to unite people through their connections, insights, reason, wisdom and expertise. Moreover, they can develop it, shift it and share it. By doing so, they can intensify the occurrence of events – thus facilitating interaction with practice, skills, expertise, and alterations. In the research context all knowledge arises from human activity.

University engagement breeds members of the global society who impact the young generations considerably. Therefore, we are most accountable for supplying the new knowledge and skills to the global citizens who will then share similar goals, ideas and social values, and thus connect our cities, countries, regions around the globe.

In the new Strategy for the 2020-2025 period the Faculty of Economics & Business of the University of Zagreb has placed significant emphasis on the impact of our research on the society. Some of the most crucial aims are:

- To concede, obtain and gather research transparently to all stakeholders our FEB’s fundamental knowledge and our trajectory;
- To preserve the momentum for searching and acquiring new knowledge fields, research disciplines and practices;
- To intensify the school’s projects and enhance the impact, engagement, and networks;
To reinforce the passion for knowledge and progress by continuing improvement in every aspect of our work—learning, teaching or research—with substantial evidence and visibility of the stakeholders.

This year the University of Zagreb and the Faculty of Economics & Business celebrate their respective 350th and 99th anniversaries. Both institutions’ engagements and impacts in the society have left a noticeable mark in various spheres: the dissemination of the research practices is pursued in all departments, and the practices involve working with the students as well as with the full and the adjacent faculty. The directing of developments—which demands flexibility to modify the capabilities, skills, and competencies according to new technology challenges in FoodTech, FinTech or industry 4.0 to the environmental changes and the principle of CleanTech—is often followed by learning and realizing the new knowledge that is evidenced in our research output. The FEB’s current aim is to increase the externally funded research and streamline its delivery in harmony with its research strategy, SMART specialization strategy, and with the national government priorities. FEB’s particular mix concentrating on EU funded research and engaging firms is harmonized to support its priorities.

In accordance with the Strategic Plan research links actively as a provider of business expansion, intensifies FEB’s profile, and is prominent in the mission and subject field. FEB’s imperative is to be even more active and strategically agile in responding to the requests they are faced with and to the networking opportunities that lie ahead.

FEB’s research output for 2018 follows by categories of publications.

Categories of publications:

01 Books (monographies and edited books)
02 Books chapters
03 Scientific articles indexed in Scopus and Web of Science
04 Other reviewed journal scientific articles
05 Conference proceedings indexed in Scopus and Web of Science

We list all awards, prizes, projects and journals published by FEB. For 2018 we have also added listings of editorial boards in scientific and professional journals, scientists’ profiles (according to ORCID and Google Scholar), total biographies of academic/scientific papers indexed in Web of Science and Scopus by quartile factor echo of each journal. Furthermore, we add a new feature: the list of PhD dissertations and specialist master degree theses. The sources for all data were CROSBI, Web of Science, Scopus, and the FEB library catalogue.
Led by passion our faculty’s research output has exposed and responded to the task that is typically a sine qua non for small but innovation-driven countries: to be recognized as an important part of the European and the global world, and to benefit the humankind by intellectual contribution, involvement, relevance and sincerity. We are convinced that the continuous improvements, profound impact of tradition and fostering innovation as well as the recognition of the building blocks to knowledge are an everlasting target in our scientific pursuits. It is exactly there that great opportunities lie ahead of our young fellows. This will reinforce our future together and embroi-der the celebration of FEB’s 99th birthday!

Editorial Team
**Full professor tenured:**
Gulin, Danimir, PhD; Tušek, Boris, PhD; Vašiček, Vesna, PhD; Žager, Katarina, PhD; Žager, Lajoš, PhD

**Full professor:**
Mamić Sačer, Ivana, PhD

**Associate professor:**
Dražić Lutlisky, Ivana, PhD; Perčević, Hrvoje, PhD; Sever Mališ, Sanja, PhD

**Assistant professor:**
Barišić, Ivana, PhD; Broz Tominac, Sanja, PhD; Dečman, Nikolina, PhD; Dragija Kostić, Martina, PhD; Hladika, Mirjana, PhD; Ježovita, Ana, PhD; Novak, Ana, PhD; Pavić, Ivana, PhD

**Postdoctoral assistant & researcher:**
Brozović, Mateja, PhD

Department of Accounting conducts research in scientific and professional disciplines that provides students with an understanding of the broad field of accounting and audit. Accounting as a whole may be divided into several main fields; basics of accounting, financial accounting, managerial accounting, cost accounting, financial statement analysis, audit. All of these major fields, as well as its separated parts are delivered to students as well-rounded courses which provide students the understanding of a wide range of accounting terms and processes covered with examples. Relevant themes about basic accounting principles, the national and international accounting standards, systems and controls, the analysis and audit of financial statements are offered to the students. The Department of Accounting delivers lectures on university study programs and professional study programs in Croatian, as well as on undergraduate and graduate study programs in English. Members of the Department often participate in many scientific projects in the field of accounting and auditing. Accounting courses provide students with profound knowledge and skills necessary for highly technical jobs in accounting and audit that include all sectors of the economy and public administration: Finance sector (banks, insurance companies, investment and pension funds), Commercial sector (manufacturing, trade and catering service enterprises), Audit firms and Public sector (budget users and non-profit organizations).

In the contemporary business environment foreign language skills are a prerequisite for the success of business people and organisations. Media, especially the internet, offer a wealth of information available only to people with foreign language skills. The aim of this department is to develop communication skills in English, French, German, Spanish or Italian necessary for future business and academic careers. We enhance students’ writing and speaking skills through various teaching materials (texts for reading or listening comprehension, video material, websites, music and pictures) dealing with contemporary issues from the field of business and economics. We teach reading and listening strategies as well as structures used in conversation, meetings, negotiations, discussions, presentations etc. Classes are interactive and require regular attendance and full participation. The courses are tailored to the needs of future business people who need to be informed about economic issues and current events in business and politics. Learning business languages, thus, enhances students’ awareness of cultural differences. Students are encouraged to read business magazines and books in order to be...
ready for the labour market where confidence in foreign languages contributes to competitiveness, mobility and independent performance. Business English and Business German are compulsory in the first year and elective foreign business language courses are offered in senior years at undergraduate and graduate levels. Apart from teaching, our department members publish textbooks, dictionaries, papers and translations, participate in international projects, professional associations and conferences.

The department cooperates with various cultural institutions:

01 | British Council
02 | Goethe-Institut
03 | Alliance Française
04 | L’Istituto italiano di Cultura

Department of Demography as a separate organizational unit of the Faculty of Economics & Business – Zagreb was founded in 1996 and is the only department of this kind in Croatia. However, demography studies at the Faculty of Economics have a 66-year long tradition. Demography as a course was introduced in the curriculum in 1953 within the Department of Statistics. Demography gives insight into population development, migration, population structure, changes in population structure with an emphasis on demographic aspects of work force and employment and methods of demographic analysis. Demography for economists is especially important for those dealing with economic development, employment, economic structures, economic and social policy, market analysis, business planning, economic modelling and forecasting etc. The following courses are taught within this department on both undergraduate and graduate levels: Demography, Labour Economics, Demographic and Social Development, Demographic Methods and Models, Basics of demography and Economic Sociology.

Throughout the history of Faculty of Economics and Business, since 1920, when High School of Trade and Transport was founded, finance studies have had an important place in curricula. In the initial phase of economics studies, finance was taught within "Principles of Political Economy" using the textbook of the same title written by Professor Blaž Lorković in 1889. The existing Department of Finance with segments of monetary finance, public and social finance, international finance and financial institutions and markets, banking and insurance, is directed to providing guidance in handling various challenges of globalization. To achieve this goal, syllabi of the given disciplines are highly compatible with finance study programmes in the EU and USA. Memory of those members of our department who left their mark on financial theory and Croatia’s politics but are no longer with us - Professor Marijan Hanžeković, first finance minister in independent Croatia and Professor Antun Šokman, a long-term vice governor of Croatian National Bank, are an inspiration to us all in our teaching and research activities.

Information technology for business strongly influences the success of a company. The aim of this department is to educate top experts who utilize information technology in order to enhance the competitiveness of Croatian companies. The department established a major in Managerial Informatics (formerly known as Business Informatics) as a result of significant demand for bachelors of business administration with solid knowledge of informatics. Within postgraduate study programme 'IT Management' students are presented with the latest scientific, professional and practical achievements in the application of information technology when managing companies, non-profit, governmental and public organizations. Candidates acquire knowledge and skills necessary for managing complex projects and businesses by utilizing contemporary technological tools and management methods. Every year the department organizes Days of Information Technology. The goal of this event is to show how IT can solve business problems and to present the best students in the previous year. Furthermore, we organize a field trip for our students every year for the students to get a first-hand look at the business application of IT in leading companies.

The aim of the Department of International Economics is to provide education to business and economics majors and to conduct research with the purpose of deeper understanding of contemporary globalisation processes and regional integration, based on theory, analysis and politics of international trade and finance and contemporary forms of international business. We emphasize complex developmental problems of small open economies in the present environment of trade and financial liberalisation and international integration and stimulate analytical and research interest in the compelling field of international economics and business. The department’s primary concern is courses that provide knowledge and skills necessary for the analysis of market tendencies and risk management in international exchange of goods and services; managerial, commercial and other skills necessary for independent work and decision-making on the demanding globalised market.

Lecturers at the Department of Law teach various obligatory and elective courses at the undergraduate, graduate and postgraduate level at the University of Zagreb, Faculty of Economics and Business. Several of these courses are available in English language within Bachelor Degree in Business Programme (BDiB). Department of Law also offers a Master programme in "Legal and Economic Framework of Business in the European union". Within the framework of the international project InterEULawEast: European and International Law Master Programme Development in Eastern Europe (2013-2017) coordinated by professor Hana Horak, PhD, under the European Commission Tempus IV programme, periodical "InterEULawEast - Journal for the International and European Law, Economics and Market Integrations" has been launched. The journal is indexed in distinguished legal databases: ProQuest, HeinOnline and Scopus. See more at: InterEULawEast. The European Commission has awarded Jean Monnet Chair title to the Department of Law in 2008. Jean Monnet Chairs are teaching posts with a specialisation in European integration studies co-funded by the Education, Audiovisual and Culture Executivie Agency (EACEA). Lecturers from the Department of Law actively conduct research in different areas of company, commercial and European Law whilst participating in various projects.

Department of Macroeconomics and Economic Development is the first, oldest and the largest department among Croatian faculties of economics. Academician Mijo Mirković, founder of the Faculty, is also a founder of this department. The department carries out study programme in Economics. Contemporary curriculum economics majors – future experts in modelling and analysis of complex economic systems, e.g. analysts and company planners, experts in finance, planners and economic policy experts for specific economic fields and the whole economy, experts in international trade, international finance and diplomacy, public sector experts (education, health care, statistics and high school teachers of economics.) Study of Macroeconomics is designed for students interested in scientific study of economics, its 4-year programme is significantly different from study programme in Business Administration. Economic analysis and development studies are designed to meet growing needs of numerous companies and institutions for highly qualified economic development analysts, with the emphasis on the economic development of Croatia. Curriculum for the first two years is identical to the Business Administration curriculum, i.e. students choose their major in the third year of studies. Two fundamental courses of the department – Macroeconomics and Croatian Economy – are obligatory courses for both Business Administration and Economics majors. They provide the students with relevant facts on research results in the field of theory and its concrete application in Croatia’s economic development. This department, furthermore, offers 13 other courses and organizes 3 postgraduate studies.

This department conducts research and provides education broad fields of study, Corporate Finance and Investment Analysis to Entrepreneurship. The course of Corporate Finance is taught in the second year as an obligatory course, Investment Analysis is taught as an obligatory course in the third year, and Entrepreneurship is taught as obligatory course in the fourth year. The department also created a graduate study programme in Analysis and Business Planning. The department offers a postgraduate study programme in Financial Analysis, Strategic Entrepreneurship and Controllership. The Mission of the department is not only to help students understand the economic system as a whole and different segments of company’s finance system, but also to provide them with a solid and diverse basis for management and decision making - a highly needed skill-set in today’s complex business world.

The Department of Mathematics has 12 members. Most of them have degrees in mathematics, others are economists. Therefore most research conducted by this department involves quantitative methods in economics, operational research, financial mathematics, econometrics. Department members take part in projects of the home faculty and Faculty of Natural Sciences. This department also offers Mathematics course. It is an obligatory course for all first-year students. The department also offers courses in Mathematics for Economists, Econometrics, Financial Mathematics, Mathematical Economics, Mathematical Programming, Operational Research, and in cooperation with the Department of Statistics we offer a course in Quantitative Methods for Business Administration. We also offer a graduate study programme in Operational Research which is led by Professor Luka Neralić. Within this programme students study quantitative methods in economics, highly suitable both for mathematicians and economists.

Tradition and innovations - the path to future
The history of students' PE dates back a long time, to 1963, with the Department of Physical Education at the Faculty of Economics and Business being established in the 80s. Today, the department counts 6 members, who conceptualize and hold regular PE classes for full-time, as well as part-time students of integrated undergraduate and graduate study programs, undergraduate study programs (both, taught in Croatian and English), and professional undergraduate study programs. Goals of PE classes are improvements in students' anthropological and physiological characteristics, positive influence on the educational component, along with the promotion of sports in general. However, the main task of the department's members, besides motivating students' individual physical exercise is counteracting the process of premature loss of certain properties, abilities and motor functions due to lack of physical activity. PE is represented in the curriculum as either compulsory or elective courses, held at the faculty's gym and additional locations. Content-wise, students are offered a kinesiological program: fitness, aerobics, dance, rugby, basketball, volleyball, soccer, badminton, swimming, ice skating, rowing, hiking, cyclic sports outdoors:
bicycling, jogging and ski school. The department cooperates with the Croatian Institute of Public Health, the Croatian Olympic Committee, the Croatian Kennel Club, the Sports Services Office at the University and the Croatian Academic Sports Association. All sports programs at the faculty fall into the responsibility of the department's members. The Faculty of Economics Sports Association, established in 2007 unites the faculty's students', professors' and employees' physical activity. Students compete in over 20 male and female disciplines at the University's sports Championship.

The best gain the possibility to perform nationwide at the Croatian University's sports Championships. Professors and employees of the Faculty participate in recreational activities: fitness, soccer, basketball, volleyball and swimming. In addition to classes and competitions, members of the Department of Physical Education participate in seminars, scientific conferences and congresses on educational kinesiology. Further they conduct scientific research and publish papers in scientific journals. Research results are presented at conferences in Croatia and abroad.

Statistical methods are fundamental analytical methods for economics and business administration. Statistical data on economic trends, statistical indicators and models provide information that enable the following of economic trends, implementation of economic policies, business decision-making and predicting. The science of statistics includes theory, methods and their application. Some of the courses are available in English language within Bachelor Degree in Business Programme (BDiB). The Department of Statistics also offers the University Specialist Postgraduate Study Programme "Statistical Methods for Economic Analysis and Forecasting". Curricula of a number of postgraduate programmes include courses in statistics. Computer programmes such as SAS, STATISTICA, Stata, EViews are very important in class. Our department members also achieve significant research results. They present their research at conferences in Croatia and abroad and also publish their work in scientific journals.

The Department of Tourism is a member of UNWTO Education Council (EdC) and the only representative from Croatia in this prominent organization. In order to become a member of this organization, it is required to have TedQual certificate—a guarantee that education and research in tourism is done in accordance with the highest quality standards defined by UNWTO EdC. The Department of Tourism is the only educational institution in Croatia with a TedQual certificate—it was received in 2001.

The department also participates in professional degree programme Trade. Students of this programme acquire knowledge and skills necessary for contemporary and practical operative management of commercial and other similar businesses in domestic and international exchange of goods, services, capital and human resources. A significant number of teachers is involved in postgraduate doctoral studies in Economics and global security (leader Tonći Lazibat, PhD). A part of teachers participates in the postgraduate doctoral studies in Economics and Business Economics. On the occasion of 90th anniversary of Faculty of Economics Zagreb, Department had organized a conference: CHALLENGES OF TRADE IN RECESSION (in Croatian: IZAZOVI TRGOVINE U RECESII) which has grown into an annual international scientific conference TRADE PERSPECTIVES. Our department members permanently work on their expertise, do various research projects, cooperate with scientists and institutions in Croatia and abroad, publish books, textbooks and papers.

FACULTY EXCELLENCE
AWARDS

IN TEACHING AND RESEARCH

Dabić, Marina (2018) Acknowledgment for outstanding contribution to FEB’s scientific productivity – individual author with highest citations and h-index according to Google Scholar in the last 5 years. (University of Zagreb Faculty of Economics & Business).

Fudurić Morana (2018) 2018 EMAC Junior Faculty Visiting Program. (European Marketing Academy (EMAC)).

Globan, Tomislav (2018) Acknowledgment for outstanding results in teaching performance in the last 5 years. (University of Zagreb Faculty of Economics & Business).

Klindžić, Maja (2018) Acknowledgment for outstanding results in teaching performance in the academic year 2017/2108. (University of Zagreb Faculty of Economics & Business).

Mihelja Žaja, Maja (2018) Pero Jurković Award for 2018. (University of Zagreb Faculty of Economics & Business).

Mikulić, Josip (2018) Acknowledgment for outstanding contribution to FEB’s scientific productivity – scientific paper published in best ranking journal according to Journal Citation Report for 2017. (University of Zagreb Faculty of Economics & Business).

Poljanec, Kristijan (2018) Mijo Mirković Award in D1 category – single author up to 30 years of age, scientific or professional paper. Poljanec, K. (2018) Otvaranje stečajnog postupka nad ovisnim društvom – učinci na ugovor o vođenju poslova društva i ugovorni concern. Pravo u gospodarstvu, 57 (1), 87-129. (University of Zagreb Faculty of Economics & Business).

Rogić Dumančić, Lucija (2018) Acknowledgment for outstanding results in teaching performance in the last 5 years. (University of Zagreb Faculty of Economics & Business).

Sabol, Andrija (2018) Acknowledgment for outstanding results in teaching performance in the last 5 years. (University of Zagreb Faculty of Economics & Business).

Škrinjarić, Tihana (2018) Pero Jurković Award for 2018. (University of Zagreb Faculty of Economics & Business).

Sorić, Petar (2018) Acknowledgment for outstanding contribution to FEB's scientific in the young researcher category – individual author with highest number of published papers and total citations in the Web of Science Core Collection until December 2018. (University of Zagreb Faculty of Economics & Business).

Žager, Lajoš (2018) Plaque award for extraordinary contribution and outstanding work in the fields of science, teaching and professional advancement at the University of Mostar. (University of Mostar).
Faculty Journals

Acta Turistica (ISSN 0353-4316) is the first scientific journal published by the FEB. It dates from 1989 with two issues published annually in Croatian and English. The journal tackles a wide range of scientific and professional topics and discussions in tourism research. Its multidisciplinary orientation is evident from the composition of the Editorial Board that includes renowned scholars from a variety of research areas, such as economics, management, finance, geography as well as anthropology and sociology. Acta Turistica is indexed in CAB Abstract, CIRET, EBSCO GreenFILE, EBSCO Tourism & Hospitality Complete, EconLit, Hrčak, JSTOR, Loreto Thesaurus, ProQuest ABI/INFORM, ProQuest East & Central Europe Database, ProQuest Entrepreneurship Database, ProQuest Social Science Premium Collection, Scopus and WoS CC ESCI.

Market-Tržište (ISSN 0353-4790) is a scientific journal for market theory and practice, and the official journal of the University of Zagreb’s Faculty of Economics & Business, Marketing Department and CROMAR (Croatian Marketing Association). Twice a year since 1989, the journal has been publishing scientific papers from all areas of marketing, especially those focused on emerging markets as well as the interdisciplinary papers that involve marketing. The journal’s mission is to be the leading scientific marketing journal in Central and Eastern Europe. As a result of the 10 year strategic approach, that has included the prestigious members of the marketing scientific community in the editorial board as well as the authors and reviewers from 54 countries from six continents, Market-Tržište has been included for abstracting / indexing in Scopus, WOS Emerging Sources Citation Index, EconLit, Pro-Quest ABI/INFORM, EBSCO Publishing - Business Source Complete, Central and Eastern European Online Library - CEEOL, DOAJ, RePeC, Index Copernicus International, Cabell’s International, Central European Journal of Social Sciences and Humanities - CEJSH, CiteFactor, European Reference Index for the Humanities and Social Sciences - ERIH PLUS and Portal of scientific journals of Croatia “Hrčak”.

InterEULawEast – Journal for International and European Law, Economics and Market Integrations (ISSN 1849-3734) is a scientific journal that publishes papers on legal and economic aspects of the European Union and other market integrations, market freedoms and restrictions, market competition and intellectual property rights, company law and corporate management, international trade and international private and public law. It was founded in 2014 as a result of a Tempus project entitled European and International Law Master Programme Development in Eastern Europe, and comes out twice a year in print and electronic formats. The journal is indexed in EBSCO Business Source Corporate, EBSCO Business Source Complete, HeinOnline and Hrčak - Portal of scientific journals in Croatia. In December 2018, the special issue “European Company Law & Corporate Governance” was published.

Poslovna izvrsnost - Business Excellence (ISSN 1846-3355) is a scientific journal founded in 2007 and published twice a year by the Department of Trade and International Business of the Faculty of Economics, University of Zagreb and the Croatian Institute for Quality. The journal is oriented toward academics and practitioners dealing with quality and broader economic topics united under the title of business excellence. The journal welcomes papers that contribute to theoretical, methodological and empirical knowledge in complex areas of macroeconomics, microeconomics, international economics, finance, accounting, business informatics, management, marketing, trade and tourism. Papers can be based on quantitative and qualitative analyses, may synthesize and review previous scientific researches and indicate open research questions in the specific areas of social and economic practice. The journal is primarily oriented on the region of Central and Eastern Europe (CEE), which due to its dynamic economic development stands as a fertile ground for diversiform scientific research. The journal "Poslovna izvrsnost - Business Excellence" is indexed in the following databases: EconLit, ProQuest ABI / Inform, ProQuest Social Science Premium Collection, CAB Abstracts, Hrčak - Portal of scientific journals in Croatia. Recently, the journal went through a series of changes in order to comply with its regional focus and broad economic and business scope. The changes are reflected through transition to English language as a primary language and diversified geographical distribution of authors and editors.
Zagreb International Review of Economics and Business (ISSN 1331-5609) is a scientific journal covering a wide range of macroeconomics, microeconomics, management, marketing and tourism topics. It features theoretical and empirical research in the areas of economics and business, as well as other current relevant economics-related research. Since 1998 it has come out twice a year, but every other year it also publishes a Special Conference Issue consisting of the selected papers that were featured at FEBs international conference Enterprise Odyssey. In its December 2018 Issue ZIREB published Special Conference Issue with the selected papers presented at 9th International Conference “An Enterprise Odyssey: Managing Change to Achieve Quality Development”. ZIREB is especially proud on being the first FEB's journal which entered Emerging Sources Citation Index (database within Clarivate Analytics’ Web of Science). Today ZIREB is referred in many databases such as EconLit, EBSCO, ProQuest, RePEc, CEJSH, CNPIEC etc. According to IDEAS/RePEc Aggregate Rankings for Journals it is the best ranked FEB journal. Rejection rate: 60%. Average time from submission to final decision: 3 months. Percentage of papers with international authorship: 50%. Percentage of international reviewers: 27%.

Zbornik Ekonomskog fakulteta u Zagrebu / Proceedings of Faculty of Economics and Business (ISSN 1333-8900) in Zagreb is scholarly journal that covers a wide range of social topics in the field of economics. It publishes scientific and professional papers, book reviews and other economics and business research outputs on Croatian and English language. The first issue was published in 2003 and from 2009 it has regular frequency of two issues per year. The journal is indexed in following databases: EconLit, ProQuest ABI/INFORM Collection, ProQuest Social Science Premium Collection and Hrčak – Portal of Scientific Journals of Croatia.

Books and Proceedings Published in 2018

Ujević, Darko et.al. (ed.) (2018) *Konstrukcija i moda odiđivanje s osvrtom na suvremenu maloprodaju*. Zagreb: University of Zagreb Faculty of Economics & Business.
