

# Ivona Vetma

SAP SD CONSULTANT

## SUMMARY OF QUALIFICATIONS

I am a certified SAP SD consultant. I've started gaining experience in SAP since I was a student working full time as a beginner in SAP SD. After year and a half, as I got my Master's Degree in Managerial Informatics, I continued to work as Junior SAP SD consultant in 2021. I've participated in SAP S4/HANA implementation projects as well as in Sales S/4HANA upskilling training and SAP Sales Cloud 2111 training. I'm focusing my development and education in areas such as SAP ERP SD module, SAP HANA database, Fiori applications, Fiori migration tool, SAP Sales and Services Cloud, SAP Material management and SAP ERP and CRM integration. In parallel, since 2021, I've been participating in lecturing Informatics and Business information systems courses on Faculty of Economics as an external lecturer. I enjoy working with students and thrive to encourage them to start developing as young IT enthusiasts. Regarding my project experience I've participated in implementation of change requests, full cycle S4/HANA implementation, EURO conversion project, implementation of SAP Sales and Services Cloud solution and maintenance of SAP SD module in various companies. I am currently coordinating and working on integration of SAP CRM and ERP solutions, participating in SAP S4/HANA implementation as SD consultant and I am also responsible for material master migration.
